Full Semester (Traditional)

Courses are 14 weeks in length and meet in-class weekly face-to-face for three hours with limited to no expectation of online activities.

Accelerated/Blended

Courses are typically seven weeks in length and are comprised of standard intervals of face-to-face in-class activities and online interactions. For instance, a blended class will meet face-to-face weekly for 3 hours a week and the equivalent amount of time will be spent participating in web based activities such as asynchronous discussions, simulations and the review of video and web based content.

Online

Online course may be any length and are delivered entirely through web based asynchronous interaction including discussion boards, videos, and live chats. There is no required face-to-face component. Students are expected to log on to the course regularly and expectations for participating and deliverables will match those of a course requiring a face-to-face component.

Course descriptions can be found in the SCS catalog located on the SCS webpage
